

Bulk Materials Pickup

Additional Service Beginning June 1st 2024

For Residents of the City of Natchez Only

This service provides curbside collection of up to eight (8) cubic yards of bulk materials twice per month.

You must have bulk materials out by 7 a.m. on your designated MONDAY. (Arrow does not pick up on Mondays only, this is simply the deadline to have it out). Arrow will make bulk collections Monday through Friday during your designated collection week.

2024 NATCHEZ BULK COLLECTION CALENDAR

Place your bulk waste curbside by MONDAY of your designated collection week

 If your garbage is collected on Monday & Thursday, your bulk waste will be collected on YELLOW weeks

 If your garbage is collected on Tuesday & Friday, your bulk waste will be collected on PINK weeks

WHAT IS COLLECTED?

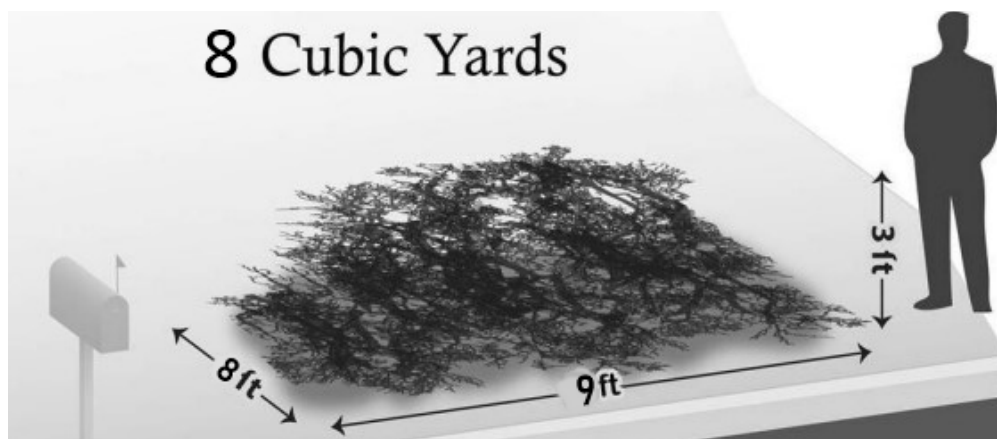

Bulk Landscaping Materials: Large limbs and piles of tree trimmings that are too heavy to be collected by hand. Limbs must be cut in lengths of 6' or less and shall be 8" or less in diameter. This service is for tree limbs that are too large for the city's regular bi-weekly trash collection. Arrow will continue to collect small piles (up to 2 cubic yards) of bagged or bundled yard waste each week on your regular garbage day.

White Goods: White goods include refrigerators, washers, dryers, and other household appliances or furniture. All items placed for collection **must be drained of freon and tagged accordingly.**

Construction Debris: Waste materials from do-it-yourself renovation projects that are placed in tied contractor grade bags and set curbside for collection. Construction debris is limited to four bags per collection.

PICKUP GUIDELINES

- **This service is for bulk waste generated through routine landscaping or from do-it-yourself projects. For residents who hire a contractor or tree service, the vendor must haul away the waste materials.**
- Bulk materials may be placed at the curb up to 1 week prior to your regularly scheduled service.
- Bulk materials will be picked up **only** during your scheduled service week. Once your ZONE is serviced, the Bulk Crew will **not** return to that ZONE until two weeks later.
- Neatly pile your bulk waste materials at least two feet from utility poles, low hanging trees, fences, gas/water meters, fire hydrants, mailboxes and sprinkler heads, along with any other obstacles that would prevent collection. Do not block sidewalks or the view of oncoming traffic.
- Small bundles of yard waste and bagged leaves will continue to be collected each week during your normal trash pickup by Arrow's rear load crews.

Bulk collections are limited to 8 total cubic yards per residence every-other-week

Should you need bulk collection in excess of the 4 bags of construction debris (or) 8 cubic yard total combined limit, please contact Arrow Disposal Service for a special services quote by calling toll free 1-866-440-3983.
