Checklist for Safe Water Use

DO NOT

Do not drink tap water while the system is under a boil water advisory.

Do not drink from water fountains in parks, public or private buildings that receive water from the affected system.

Do not use ice unless it has been made with boiled water. Freezing will not necessarily kill harmful bacteria.

Do not use tap water to make drinks, juices, or fountain soft drinks.

DO

Boil Water vigorously for one minute before it is consumed.

Wash your dishes in boiled water or use paper plates for the next few days.

Wash your fruits and vegetables with boiled or bottled water since they may have been exposed to affected water from grocery store sprayers.

Wash your hands and bathe as usual. Bathing is safe as long as no water is swallowed.

Brush your teeth with boiled or bottled water.

Cook with tap water if the food is boiled for at least one minute.
